WHAT IS THE MARIAN BLUE WAVE?

A call to Catholics across America to pray a weekly Rosary with the specific intentions of ending all clinical, chemical, medical and surgical abortion and shutting down every Planned Parenthood facility in the United States.

"I heartily endorse this effort and, having two Planned Parenthood facilities in the Diocese of Tyler, will implement the Marian Blue Wave initiative in this diocese."

+ Bishop Joseph E. Strickland

In the words of American Life League founder Judie Brown,
"What would our nation be like if millions of Catholics prayed the Rosary once a week for an end to abortion?"

WHY SHOULD I JOIN?

The Marian Blue Wave is a new national movement to open the eyes of people who do not see the reality of the preborn child and who do not understand that the act of abortion is killing, not healthcare.

Our main goal is to engage as many of our fellow Catholics as possible in extolling the virtues of praying the Rosary and in using it to advance a call to holiness and evangelization.

After years of relying on laws and politicians, isn't it time we place our faith in something bigger?
